I have the following dietary and/or accommodation needs (please be specific). If you are not willing to sleep on a top bunk please make a note of it here.

I understand that I may have to share a bunk room with another participant in a renovated duck hunting lodge that does not have air conditioning, and I more than likely will not be showering. I also understand that days will be spent outside kayaking rain or shine, and that is could be hot, humid, and buggy.
